Results from a Living Building: The Bullitt Center

Ron Rochon, FAIA

Partner, Miller Hull Partnership

Justin Stenkamp, PE, LEED AP

Associate, PAE Consulting Engineers

Tuesday, March 28, 2017

Wentworth Institute of Technology

Watson Auditorium, 550 Huntington Ave, Boston, MA 02115

5:30 PM Social/Registration; 6:30 PM Dinner; 7:30 PM Presentation

The Bullitt Center in Seattle, WA was designed to be the world's greenest commercial building, achieving status as a net-zero energy Living Building. Ron Rochon of Miller Hull, the building's architect, and Justin Stenkamp of PAE, the building's MEP engineer, will discuss the experience of working in a Living Building, lessons learned from the design and operation, and the building's performance relative to expectations. Their talk will provide a rare holistic view of building design from initial design decisions, through construction issues and changes, to final occupancy, as well as a summary of several innovative and sustainable engineering solutions used in the building.

Registration Deadline: Tuesday, March 21, 2017

\$15 Student Members; \$20 Senior Members (65+)

\$35 BSCES Members & Public Sector Non-Members

\$30 Public Sector Members; \$40 Non-Members

Information/Registration:

Register to attend this meeting and pay by credit card online at bit.ly/YMGStudentNight. To register online for an event at the BSCES member rate you must login using your BSCES assigned username and password. If you do not know your BSCES member login information call 617/227-5551. You can also register for this event by mail or email. To do so, download and complete a [BSCES Event Registration Form](#) and follow the submission instructions. Cancellations received after March 21, 2017 and no-shows will be billed.
