

# ACEC BUSINESS INSURANCE TRUST EXCLUSIVE BENEFITS FOR YOU

*“EFK Moen is extremely pleased with the knowledge and service EPIC’s Greyling Division provides. I believe they will be a similarly strong partner for other engineering firms, serving with exceptional expertise and responsive service.”*

**Linda Moen, President and Managing Member**  
*EFK Moen*

It’s always satisfying to see promises turn into actions. As a member of the ACEC Business Insurance Trust, you can count on 4 key benefits offered exclusively by ACEC BIT Trustees to members participating in the ACEC BIT Program.

## **THE ACEC BIT DEDUCTIBLE ASSISTANCE**

**Up to \$1,000 Deductible Reimbursement** — Any firm insured in the BIT can request reimbursement of up to \$1,000 of their deductible for property and automobile losses, each time your firm has a claim, up to a \$10,000 annual maximum for all applicable policies.

## **THE ACEC BIT MEMBER FIRM ROYALTY SHARING**

**Royalty rewards your participation in the Program** — Royalty sharing is a longstanding benefit of the ACEC BIT and acknowledges the loyalty of our participating firms. Join the Program or stay with the Program and you’ll see real savings that can offset the cost of ACEC dues and help improve your bottom line.

## **THE ACEC BIT COALITION PROGRAM**

**\$150 toward ACEC Coalition dues** — On your behalf, the BIT will pay \$150 per year toward ACEC Coalition dues for the Small Firm Council, CASE, COPS, CAMEE, Geoprofessional, or Land Development Coalition. You know membership is important — this payment makes it easier to belong.

## **ACEC NATIONAL AND STATE SUPPORT**

**Program success leads to greater support** — A successful program and low claims rate enables our Trustees to share part of the Program’s royalties with the ACEC National and State organizations. By participating in the BIT, you can indirectly support your national and state organizations.

## WHO ARE THE ACEC BIT TRUSTEES?

The BIT Trustees are engineers and business owners like you. They work closely with Greyling, the Program administrator to oversee the performance of the program and the delivery of key benefits of the Program, as noted above.

## WHAT ARE THE STRATEGIC GOALS OF THE BIT?

Providing quality business insurance responsive to engineering firms' unique needs, delivering exceptional service to ACEC members, and offering valuable and relevant member benefits are the key strategic goals of the BIT. We strive to meet and exceed your firm's expectations and are committed to keeping pace with changes in the profession.
