Preparing for a Flood: Resiliency at Massport

Robbin Peach, MPA, MA

Program Manager of Resiliency, Massport

Tuesday, December 1, 2015

Wyndham Boston Beacon Hill, 5 Blossom Street, Boston MA

5:45 PM Social/Registration; 6:30 PM Dinner; 7:00 PM Presentation

Robbin Peach, program manager of resiliency at Massport, will give an overview of the Massport process to make its assets more resilient to flooding - therefore protecting our region's economy. She will discuss the planning process for identifying threats and critical assets, architectural and engineering solutions, and operational preparedness. Please join us for what will be a very interesting presentation. This talk should be attended by anyone with an interest in coastal resiliency including civil engineers, architects, administrators, and planners.

Robbin Peach managed Massport's award-winning Disaster Infrastructure Resiliency Plan and is currently overseeing implementation of capital and operational improvements to make Massport's assets resilient to extreme flooding. She regularly sits on committees and collaborates with federal, state, regional, and intermodal transportation agencies around resiliency. Ms. Peach holds a Masters in Public Administration from Harvard Kennedy School, a Master of Arts in Landscape Design and Land-use Planning from the Conway School, and a Bachelor of Science in Horticulture from Virginia Polytechnic Institute and State University.
