## Enterprise Research Campus - Site Tour

**Max Cassidy**

*Senior Director, Tishman Speyer*

**Consigli Construction**

*Construction Manager*

**Thursday, May 16, 2024**

**Consigli Construction Trailer**

**100 Western Avenue, Boston, MA 02134**

**3:00 PM Presentation, 4:00 PM Site Tour**

The Enterprise Research Campus (ERC) transforms a historically underutilized section of Allston into an urban district designed to nurture and inspire creativity and exploration for all. Phase A of the ERC will provide nearly three acres of open space centered around a dynamic Greenway connecting historic Allston towards the Charles River. Phase A will consist of two lab buildings designed for research and development; an apartment building with 343 units, including 86 affordable units; a hotel; and a conference center operated by Harvard University. The Greenway will be central to the site and become an active public space with programming and events for everyone to enjoy.

This presentation and tour will highlight the 4+ year long process of permitting, master planning, building design & construction. The team will also discuss multiple design and construction aspects and challenges of this landmark project in Boston's Allston neighborhood.

Attendees must sign a [site tour liability waiver](#) and return in advance of the tour to [bsces@engineers.org](mailto:bsces@engineers.org).

**Registration Deadline: Monday, May 13, 2024**

**\$45 BSCES Members, \$40 Public Sector Members, \$15 Student & Senior (65+) Members**

**\$55 Nonmembers, \$45 Public Sector Nonmembers**
