

Join the Younger Member Group (YMG) & the Structural Engineering Institute (SEI)

Kendall Square Housing Project Construction Tour

290 Main Street Cambridge, MA
June 14, 2018

Meet at Turner Construction Field Office
238 Main Street Cambridge MA
Tour Begins Promptly at 3:00 PM

Join the Structural Engineering Institute Boston Chapter and BSCES Younger Members Group for a tour of the Kendall Square Housing Project – an active construction site. The new 28-story building will consist of graduate student housing, a child-care facility, academic space, and retail space on the ground floor. Two existing buildings will be linked, preserving a 100-year-old historic façade and an existing reinforced concrete building, which will form the base of the new 28-story tower. The new tower's structural system will consist of 6 levels of concrete-encased steel plus 22 levels of framed slabs above that cantilever over the footprints of the existing buildings.

Followed by a Social at 4:30 PM at Cambridge Brewing Company

Register online for this event at <http://bit.ly/2GEQhbD>.

Free to all with RSVP! Registration is limited to first 30 participants for the tour! Bring your own PPE if possible, limited PPE will be available on site. No registration needed for the social.

Registration Deadline: June 11, 2018
