

MA AEER TASKFORCE

Post-Disaster Building Safety Assessment Training

Hosted by the MA Architects & Engineers Emergency Response (MA AEER) Task Force

Photo from the January 2020 earthquakes in Puerto Rico

Saturday, February 29th, 2020 From 9:00am – 5:00pm

6.5 HSW CEUs | 6.5 PDHs | Credit Approved for Building Officials

Cost for Participants: \$200 – Architects/Engineers, \$250 – Non-Members

Cost includes: ATC-20 and ATC-45 Field Manuals, Cal OES SAP Student Workbook, Light Breakfast and Lunch

The course will be held at the Boston Society of Architects: 290 Congress Street, Boston, MA

This workshop certifies attendees as Building Evaluators in the nationally recognized Safety Assessment Program (SAP). Professional Architects, Engineers and Building Officials will become certified to assist local governments and perform safety evaluations of the built environment in the aftermath of a natural disaster or catastrophe. Participants will learn to conduct rapid damage assessments of structures affected by earthquakes as seen in Puerto Rico, in addition to wind and water damage. Upon completion of this workshop, participants will be able to consistently and safely assess structures for habitability and will receive a nationally recognized Cal OES Building Evaluator ID card from the state of CA.

Limited Seats Are Available. Click Here to [REGISTER NOW!](#)

Questions? Contact Kali Larsson at (617) 391-4016 or email KLarsson@Architects.org

This program is offered with cooperation from professional organizations, including the American Institute of Architects Massachusetts Chapter, the Boston Society of Architects, the Boston Society of Civil Engineers Section, the Structural Engineers Association of Massachusetts and The Engineering Center Education Trust.
