Expanding the Civil Engineering Pipeline

Hiring Non-U.S. Citizen Engineers and Students

Lauren Sigg and Megan Naughton
Attorneys, Robinson & Cole LLP

Wednesday, January 18, 2023

Virtual Zoom Event
12:00 PM – 1:00 PM

Civil engineering firms can do more to make the civil engineering profession welcoming to a broader array of prospective employees by giving more consideration to non-U.S. citizen job applicants, and in the process, they can benefit from the technical skills and varied experiences those candidates can add to the workplace. Attorneys Lauren Sigg and Megan Naughton (Robinson & Cole, LLP) will discuss current legal options for expanding the employee pipeline in the civil engineering sector through taking advantage of opportunities to hire and retain foreign national engineers and students on a temporary (nonimmigrant) or permanent (immigrant) basis.

Registration Deadline: Wednesday, January 11, 2023

Free to Members and Non-Members

Information/Registration:

Register to attend this meeting online by entering your contact information [here](#). You can also register for this event by mail or email. To do so, download and complete a [BSCES Event Registration Form](#) and follow the submission instructions.
