

As a means of fostering the members of the civil engineering profession, the Boston Society of Civil Engineers Section/ASCE has established an award to recognize those employers who commit to providing exceptional opportunities to their engineers. Special recognition will go to those organizations who exhibit exemplary support as evidenced by:

1. Encouraging technical and professional growth through continuing education/training, mentoring, project experience, participation in development of technical papers or presentations, and other means.
2. Tackling staff quality-of-life issues in the modern workplace.
3. Contributing to the community to make a positive impact.
4. Encouraging active participation in professional societies such as ASCE/BSCES.

Members who want their organization to be considered for recognition should provide a letter demonstrating their firm's commitment to their engineers. Firms nominated shall be actively participating in BSCES. Such active participation may be sponsorship, employee membership, contributions to the newsletter, or participation in other forms. Letters shall include the total number of employees in the firm, number of BSCES members, and cite specific examples of their employees being actively involved in BSCES.

The Awards Committee will review the nominations and select an exemplary small employer and a large employer in the Section. Organizations with less than 50 employees are eligible for the Small Employer Award. Awards will be presented during the 174th BSCES Annual Awards Event. Successful recipients will be considered for endorsement as potential (future) applicants for the ASCE Employer Recognition Award. No organization will be eligible to receive the award in consecutive years.

**Complete and return this nomination form and your letter to the BSCES Awards Committee no later than Friday, March 31, 2023, to be eligible for the award.**

Nominated Organization: \_\_\_\_\_

Type of Award (check one):  Small Employer  Large Employer
