BUILDING FOR THE FUTURE CAPITAL CAMPAIGN

TECET's home at One Walnut Street on Beacon Hill in Boston needs many important capital improvements including a new slate roof, window repairs, technology investments, and interior renovations. Our building has served our sponsors (ACEC/MA, BSCES, and MALSCE) well for over 30 years but like any building its age (it was built in 1804 for John Phillips, first Mayor of Boston), it requires continuous re-investment and maintenance. Critically important and programmed repairs and upgrades total \$450,000. To fund these capital repairs, TECET has taken on a new bank loan while at the same time we are initiating a capital campaign to help reduce the balance. For our FY 2023, we are hoping to raise \$100,000 above and beyond our normal fundraising efforts and all funds raised through our capital campaign will be used to reduce the loan principal. Contributions can be made alongside your registration for the Leadership Celebration on the next page.

Appreciated Donation levels: • \$10,000 • \$7,500 • \$5,000 • \$2,500 • \$1,000 • \$500

All capital campaign donors will receive prominent recognition for their contributions. Donors who contribute \$5,000 or more will also be honored on a plaque that will be prominently displayed at The Engineering Center. We also plan to work with top donors to create additional custom recognition opportunities.

25TH ANNUAL TECET LEADERSHIP CELEBRATION

HONORING OUTSTANDING LEADERS WHO HAVE CONTRIBUTED TO THE ENGINEERING & LAND SURVEYING PROFESSION:

Luciana Burdi

Director for Capital Programs and Environmental Affairs, Massport

John Sullivan

Chief Engineer, Boston Water and Sewer Commission
