2023 MALSCE Convention

Session Descriptions

The 2023 MALSCE Convention will include the following sessions:

Friday, March 3, 2023

Convention Exhibitor Demonstrations

During this two-hour session, groups of attendees will rotate between convention exhibitor demonstrations. There will be ample time to ask questions as you learn about exhibitor products and services.

Updates on the New Vertical Datum and the Deprecation of U.S. Survey Foot

**Daniel J. Martin, Northeast Regional Geodetic Advisor
NOAA/NOS/National Geodetic Survey**

NGS has updated "Blueprint for the modernized NSRS, Part 3: "Working in the modernized NSRS." In this updated document, we have described new types of coordinates, the role of passive control, and the role of OPUS. Another recent event was the official deprecation of the U.S. Survey Foot. This workshop will introduce participants to these new concepts as they pertain to the new geopotential (vertical) datum and we will discuss what the Deprecation of the U.S. Survey Foot really means.

Leveraging Online Genealogical Records in Surveying Research

A. Richard Vannozzi, MS, PLS, Assistant Professor, Surveying Engineering Technology, University of Maine

This presentation will focus on how to access and utilize online genealogical records in the completion of the boundary research required in your work. Over the last decade or so, vast quantities of original source materials have been digitized and made easily available, much for free. This improved access has streamlined the research process and now allows land surveyors to complete their work more confidently.

Eversource Energy's Right of Ways

Mark T. Olszewski, Supervisor Survey Engineering, Eversource Energy and Peter E. Tuttle, PLS, Survey Coordinator, Eversource Energy

Mark and Peter will discuss Eversource Energy's history of acquiring its Right of ways (ROWs), how ROWs were established; what monuments in the ROW represent, and how to read their monumented line plans.

NCEES Update including McKinley Research Project

Paul J. Tyrell, PE, PLS, LEED AP, Associate Vice President, HDR, Chair, Massachusetts Board of Professional Engineers and Land Surveyors, and NCEES Treasurer

Paul will discuss recent initiatives of the National Council of Examiners for Engineering and Surveying (NCEES), a nonprofit organization dedicated to advancing professional licensure for engineers and surveyors. His overview will include the findings of NCEES' research with McKinley Advisors on the types of resources, information, and initiatives needed to raise awareness of and boost recruitment in the professions of engineering and surveying.

250 CMR Overview

Kenneth Anderson, PLS, Owner, Anderson Surveys, Inc., and Member, Massachusetts Board of Professional Engineers and Land Surveyors

During this session, Ken will discuss 250 CMR, a compilation of Massachusetts Board of Registration of Professional Engineers and Land Surveyors regulations. Intended to protect the public health, safety, and welfare, 250 CMR establishes requirements and procedures for registration of professional engineers and professional land surveyors, prescribes standards of professional conduct to be followed by these engineers and land surveyors, and assures the proper performance of the duties of the MA Board of Registration.

Exploring the Mystery of Nantucket's Meridian Stones

Nikoline Bohr, Treasure Hunter

Explore the history of Nantucket's Meridian Stones. In 1840, the astronomer and surveyor William Mitchell erected these two white marble obelisks on perpendicular sidewalks in the Town of Nantucket. Learn how he utilized them to contribute to safer nautical navigation.

General Session: Three New Ways to Find Trouble

Kristopher M. Kline, PLS, GSI, President, 2Point, Inc.

The first of two general sessions featuring nationally recognized industry leader, Kris Kline, this session focuses on: 1) Lands protected by the Public Trust Doctrine; 2) Easements and the Doctrine of Merger; 3) Slander of Title. These issues have recently come home to roost at the doorsteps of some unhappy land surveyors.

Saturday, March 4, 2023

General Session: Three More Ways to Find Trouble

Kristopher M. Kline, PLS, GSI, President, 2Point, Inc.

During this half-day session, Kris will consider two unusual methods to transfer title – the Common Scheme Doctrine and the concept of Part Performance of an Oral Contract. In addition, Kris will discuss the effects of tax maps on property titles.

MALSCE Annual Meeting & Awards Presentations

Presiding: J. Dan Bremser, PLS, Senior Project Manager, Hancock Associates, 2021-2023 MALSCE President

Featuring the election and swearing in of the 2023-2025 MALSCE Board of Directors. Additional highlights of this luncheon and Annual Meeting include the presentation of the MALSCE Surveyor of the Year Award and Presidential Citation.

Hunting for Buried Treasure on Nantucket

Nikoline Bohr, Treasure Hunter

After Friday's dinner, sit back and listen to Nikoline Bohr discuss hunting for buried treasure on the island of Nantucket. During her talk, Nikoline will discuss ethical treasure hunting with a focus on historical preservation. She'll go on to present one of her more interesting location stories and have time to answer a few questions.
