Tools for Tracking Employee Training

Recent inquiry from a member of our ACEC/MA HR Forum: *"We currently track employee training on our HRIS, but are looking for another option that will allow managers and all staff to access it at any time. Ideally, we'd like to have a calendar of upcoming training opportunities on it too. What are other AEC companies are using?"*

Suggestions? Contact [Abbie Goodman](#), who will share with our HR Forum.

Thank you 2022

Government Affairs

5/9/22 Hearing on Governor's Economic Development Bill

The Joint Committee on Economic Development and Emerging Technologies will hold a [Monday hearing at 10 AM](#) on Gov. Charlie Baker's \$3.5B economic development bill, currently [H.4720](#), a priority for the remaining three months of the legislature's formal session this year.

The bill, which is likely to pass the Legislature in some form before the end of July, is built on the state's remaining \$2.3B in American Rescue Plan Act (ARPA) money and \$1.2B in state bond authorizations. It focuses on funding climate resilience and preservation projects, invest in downtown and community revitalization projects across Massachusetts, and address the state's housing issues.

H.4720 would direct dedicated project funding to each municipality in the state. Last week, the Executive Office for Administration and Finance circulated [a list of projects and funding included in the bill](#).
