ACEC Massachusetts Engineering Excellence Awards 2025

The ACEC/MA Annual Engineering Excellence Awards Competition Recognizes Engineering Achievements that Demonstrate the Highest Degree of Merit and Ingenuity. Each year the competition recognizes engineering firms for projects that demonstrate an exceptional degree of innovation, complexity, achievement and value. To participate in this year's competition, the submission deadline is Friday, October 4, 2024.

Furnish all information requested below for each entry (signatures by the submitting firm(s) and the client(s)/owner(s) are required). Firm, project, and client/owner's name should be typed or printed as they are to appear on the award. Please make sure to use the same project name listed on your entry form.

The Specific Name of the Project and Specific Name of the Firm provided will be used for ALL ACEC/MA - created materials including the Awards Gala programs, Awards Gala presentation, invitations, and future brochures or announcement.

For help in determining appropriate MA congressional districts and MA state legislative districts, use residential address closest to the MA location of submitting firm and/or project location. Visit <https://www.sec.state.ma.us/wheredoivotema/bal/myelectioninfo.aspx>. If the project is in another state, use their election site to find the US congressional district and state legislative districts and enter that into the fields. If your project is outside the United States put N/A for the projects elected officials.

The following is a step by step process to follow in completing your submission package. Fields marked with * are required.

What was the Entrant's role in the project?

Scheduled Completion Date
(Month/Day/Year)

Actual Completion Date
(Month/Day/Year)

QBS Process? No Yes

NOTE: Costs reflected below are always construction costs and are NOT engineering fees. If your firm was responsible for the entire engineering-design of the project, then the Entrant's Portion of the Total Construction Budget amount and the Entrant's Portion of Total Construction Actual Cost amount will be the same as the Total Construction Budget amount and Total Construction Actual Cost amount.
