

E E A 2022

Engineering Excellence Awards

Call for Entries

A. Eligibility

ACEC/MA member and non-member engineering or surveying firms are eligible to enter the awards competition.

- Projects must be substantially completed or publicly disclosed by client for use between November 1, 2019 and October 31, 2021.
- Firms must obtain permission from the client/owner to submit.
- A firm may submit multiple entries.
- Projects may have been executed anywhere in the world.
- Subconsultants are eligible to submit, provided they coordinate with prime consultant and all team members.

B. Why Enter?

Your firm makes a statement about its commitment to quality by entering this competition. Not only will your firm's staff and clients know that you aspire to the achievement of excellence in your practice, but you are also contributing to the profession by sharing your experience in the application of state-of-the-art techniques to effectively solve a client's problem. We all want to win when we enter a competition, and every entry in the ACEC/MA Engineering Excellence Awards is a winner.

C. How to Submit an Entry

A completed entry form must be received at The Engineering Center by 5:30 PM on October 4, 2021. The Submission requirements will be posted on www.acema.org in early September.

D. Rating Guidelines for Judging

Each entry will be evaluated based on the following five categories, which are key elements of the project description text required in the submission checklist that will be provided for full submittal.

1. Uniqueness and/or innovative applications of new or existing techniques
2. Future value to the engineering profession and perception by the public
3. Social, economic and sustainable development considerations
4. Complexity
5. Successful fulfillment of client/owner needs

E. Local Dates to Remember

Information Session on Entering	September 22, 2021
