

MALSCE Webinar Series

Feature Extraction with the AEC Collection

Friday, July 30, 2021
12:00 PM - 1:00 PM EDT
Zoom Video Webinar*

Join us for the Feature Extraction Presentation brought to you by Topcon Solutions. Observe as Joseph Whitney, Regional Account Executive, and Josh Hickey, Application Specialist, give us the run down on a feature extraction workflow for drone and scan data. In this webcast we will explore how this data is taken into ReCap for processing, Infracore for feature extraction, and ultimately Civil3D for design and editing. We can even share this data in the cloud for remote access and collaboration.

* *Zoom Video Webinars is a widely used webinar platform. You will hear the voice of the speaker and watch a PowerPoint and live software presentation. This technology allows for questions and answers. Webinar login information will be sent to registrants the week of the webinar.*

Speakers

Joseph Whitney, Regional Account Executive, Topcon Solutions Store

Joseph Whitney has a Bachelor of Science in Geography with an emphasis in Geographic Information Systems (GIS.) His experience in survey and construction has helped shape his interests in construction processes and related technology. He is a BIM enthusiast and construction technology evangelist. Joseph currently holds an MBA emphasizing process improvement methodology such as Six Sigma. His role at TSS is that of Regional Account Executive. As a member of the TSS BIM Team, his focus surrounds Building Information Modeling and building strategic partnerships by introducing and advising customers in Autodesk software, implementation, and work processes.

Joshua Hickey, Application Specialist, Topcon Solutions Store

Joshua Hickey is an Application Specialist for the Topcon Solutions Store in the Midwest. There, he pulled from over 13 years of experience (e.g. design production and field) across multiple disciplines (Mechanical, Electrical, and Fiber Optic Networks). He has, on two separate occasions, built CAD/GIS design departments from the ground up. From workflows, to templates, and training, Joshua has trained and supervised many CAD and GIS designers.

Registration Information

Registration Fees: \$50/person, \$100/up to three people, \$150/up to five people for MALSCE members and \$75/person, \$150/up to three people, \$225/up to five people for non-members.
