Inspection and Maintenance of Ancillary Highway Structures

Tuesday and Wednesday, December 13 & 14, 2022

Hilton Garden Inn Worcester, 35 Major Taylor Boulevard, Worcester, MA
8:00 AM – 4:30 PM Daily

This course provides training in the inspection and maintenance of ancillary structures, such as structural supports for highway signs, luminaries, and traffic signals. Its goal is to impart information for establishing and conducting an inspection program in accordance with the FHWA "Guidelines for the Installation, Inspection, Maintenance, and Repair of Structural Supports for Highway Signs, Luminaries, and Traffic Signals." The course's target audience includes structural engineers, material engineers, traffic engineers, field inspectors, and other technical personnel involved in the installation, inspection, maintenance, and repair of ancillary highway structures. This course is not a design course; however, the information should be helpful to those working in design and specification of ancillary structures.

Please note: Prior to taking this course, course participants are required to sign and submit a [BSCES Assumption of Risk and Liability Relating to COVID-19 waiver](#). This certificate should be submitted to bsces@engineers.org no later than Monday, November 7, 2022.

Registration Deadline: Monday, November 7, 2022

Registration Fees: \$1,210 Members, \$1,460 Non-Members

Registration fee includes course materials, continental breakfast, breaks, and lunch

Information/Registration:

Attendance for this program is limited to 30 participants. Reservations will be accepted on a first-come, first-served, paid registration basis. Payment must be received with registration to secure a slot. Register to attend this course and pay by credit card online [here](#). To register online for an event at the BSCES member rate you must login using your BSCES assigned username and password. If you do not know your login information call 617/227-5551. You can also register for this event by mail or email. To do so, download and complete a [BSCES Event Registration Form](#) and follow the submission instructions. Individuals who attempt to register after the course is closed will be added to a waiting list. Cancellations or no shows after November 7, 2022, will be billed.

Please note that an inherent risk of exposure to COVID-19 exists anywhere other people are present, and even precautionary measures such as masking and social distancing cannot completely eliminate this risk. The Boston Society of Civil Engineers Section/ASCE (BSCES) requires any person attending this Society-sponsored in-person course to be fully vaccinated against COVID-19. Course registrants must attest to being fully vaccinated when registering for this course and also complete and return a COVID-19 Assumption of Risk and Liability Waiver. In addition, any person who chooses to travel to and/or participate in any BSCES in-person activity assumes all risks arising from that decision. All participants must agree to comply with all safety procedures established by the Commonwealth of Massachusetts and Centers for Disease Control and Prevention (CDC) as well as any other protocols put in place by BSCES, the host sites, travel facilities, or any other applicable authorities.
