MARKET SECTORS

KEVILLE'S CEO

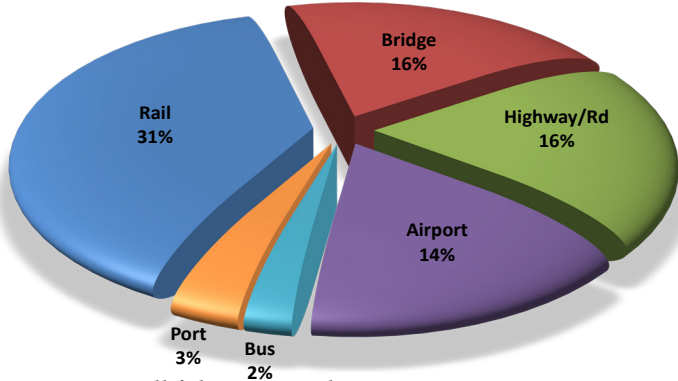

Christine Keville, FCMAA, MOLES, NAC, Hon.D.Eng, is President and Chief Executive Officer of Keville Enterprises, Inc. As the founder and incorporator of Keville Enterprises, she is accountable for the overall coordination, direction and supervision of this Construction Management firm spanning throughout eight offices across the country.

Ms. Keville is actively engaged in promoting the construction industry as evidenced by her involvement in several professional organizations, including The Moles, the National Academy of Construction (NAC), the Construction Management Association of America (CMAA), and the International Bridge Tunnel & Turnpike Authority (IBTTA). Additionally, she is equally committed to encouraging students to pursue careers in the construction industry and is heavily involved in academia.

TRANSPORTATION PROGRAM

TRANSPORTATION - BREAKDOWN

At 82%, Keville's largest Market Sector is Transportation and, as shown above, our work includes Rail, Bridge, Highway/Road, Airport, Port, and Bus. Some of the agencies we've worked for include:
