RISPLS SEPTEMBER GMM - Virtual ZOOM Evening Meeting

Thursday, September 22, 2022

Registration form and more presentation details included

The September GMM will also conduct Nomination & Voting for the upcoming year 2022-2023 for our RISPLS Board of Directors positions. The BOD has one position open. If any member is interested in filling the SECRETARY position please let us know.

As always, RISPLS welcomes any member who may wish to participate to attend the monthly BOD meetings on the first Thursday of each month.

Also, please don't hesitate to contact RISPLS if you have presentation topics and would like to be considered for another upcoming date. The BOD is preparing for the November Convention.

2022 RISPLS Membership Renewals are now being accepted.

The RISPLS Membership Renewal form is enclosed.

RISPLS

General Membership Meeting & Seminar Webinar

Thursday, September 22, 2022

6pm - 8 pm

Via ZOOM

Guest Speaker:

Bill Beardslee PE, PLS, PP

Communications & Management Consultant

Presentation:

“SCOPE AND SCOPE CREEP”

This course deals with creation of a solid scope and a discussion on methods to limit scope creep. From the initial client meeting to the end of the project, scope will control the flow of work. A great scope will lessen the opportunities for scope creep and the potential for disagreements and litigation. While change is inevitable, learning to work it to your advantage is a skill to be developed.

6:00 pm - 6:30 pm

RISPLS General Membership Meeting

6:30 pm - 8:00 pm

Bill Beardslee PE, PLS, PP

“Scope and Scope Creep”

THE PRESENTOR

WILLIAM E. BEARDSLEE, P.E., P.L.S., P.P.

Bill Beardslee is a licensed Professional Land Surveyor, Engineer and Planner with over 55 years' experience in the field of land development. He is known for his excellent presentation and writing capabilities, along with being one of the leading technical experts on land development in the engineering and surveying arena. Bill has made over 2,000 presentations on engineering and surveying projects to local and state agencies. Prior to his retirement, he was the owner and Director of Engineering for Beardslee Engineering Associates in Sparta, NJ.

Bill is a past president of the New Jersey Society of Professional Land Surveyors and that Society's 2006 "Surveyor of the Year". He has been contributor to the geomatics resource magazine xyHt, as well as being listed in "Who's Who in Technology" and "Who's Who in the East."

Bill has taught numerous seminar programs at the high school, college and professional levels for over 35 years, including the NCEES National Conference. He holds a Bachelor of Science in Civil Engineering from New Jersey Institute of Technology and a Master of Arts Degree in Corporate & Organizational Communications from Fairleigh Dickinson University. Now retired in North Carolina, he stays active in business development for DavisMartin-Powell in High Point, N.C., as well as providing continuing education seminars around the country.

Bill offers the students a professional blend of technical expertise, communication knowledge and presentation skills for discussing issues in a clear and simple format.

trishm@nsps.us.com

Protect Yourself from Ticks & Mosquitoes

- Wear a hat and light-colored clothing (so ticks can be easily spotted), including long-sleeved shirts and long pants tucked into boots or socks.
 - Use insect repellents.
- Use repellents containing 20–50% DEET on exposed skin and clothing.
- Reapply repellents as needed. (Always follow products labels).
- - Use insecticides such as permethrin for greater protection.
- Permethrin can be used on clothing, but not on skin.
- One application to pants, socks, and shoes may be effective through several washings.
-
- Check skin and clothing for ticks daily. Check hair, underarms, and groin.
 - Immediately remove ticks using fine-tipped tweezers.
- Grasp the tick firmly, as close to your skin as possible.
- Pull the tick's body away from your skin with a steady motion.
- Clean the area with soap and water.
-
- Wash and dry work clothes using the "hot" settings to kill any ticks present.
- If you develop symptoms of a vector-borne disease, seek medical attention promptly. Tell your doctor that you work outdoors and report any ticks or mosquito bites.

Rhode Island Society of Professional Land Surveyors has received several checks of donation in memory of Donald Jackson to be contributed towards the Scholarship Fund .

At this time, the total Scholarship donations are \$1,325 .

Fall 2022 surveying education options at University of Maine

Dear surveying state society:

The University of Maine will continue to accept applications for the fall semester until July 1. Our current online options and how to apply can be viewed at <https://online.umaine.edu/surveying/> (click on the picture that pertains to the degree) and are

- (1) Undergraduate certificate in surveying engineering technology
- (2) BS in surveying engineering technology (ABET ETAC accredited)
- (3) Graduate certificate in surveying engineering
- (4) Professional Science Masters in Engineering and Business surveying engineering option

The undergrad certificate is an easy application and is a good way to work into the BS degree. We currently have 280 surveying students spread across the four options.

Out-of-state students enrolled in a UMaineOnline degree or certificate program receive a low tuition e-rate which is in-state*1.25.

General questions on admission should be emailed to online coordinator tiffany.peterson@maine.edu. Surveying-specific questions should be directed to SVT program director ray.hintz@maine.edu.

No surveyor should not have educational opportunities no matter their location. Thank you for your help in getting the word out. Please enjoy our recent spring newsletter attached.

Ray Hintz
Surveying Engineering Program Coordinator

University of Maine

Do you have a topic of interest that you would like to share with our membership?

RISPLS is requesting if anyone would be interested in presenting for the future RISPLS General Membership Meetings to please email rispls@hotmail.com

An evening presentation would need to be approximately an hour or more and RISPLS would also conduct the General Membership Meeting Agenda. June is a half day or GMM and Presentation

Rhode Island Society of Professional Land Surveyors
410 Tiogue Avenue, Coventry RI 02816 401-294-1262

THE PIERRE H GUILLEMETTE SCHOLARSHIP AWARD

The RISPLS is pleased to offer a scholarship for the 2022-2023 academic year to a deserving student of Land Surveying.

The Pierre H. Guillemette Scholarship is an annual award which is available to any Rhode Island resident who is enrolled in a course of study leading to a certificate program or degree in land surveying offered by a qualified institution of higher learning.

Applicants must submit a statement outlining their qualifications and future career goals, together with their educational transcripts, a resume and any other pertinent information that may assist the review committee in the recognition of their achievements. Depending on the merits of the various applicants, the Scholarship Committee may recommend award of either all or a portion of the scholarship to one or more qualified individuals.

Payment of your award will be made directly to you in one installment after we receive documentation that you have attended a post secondary school or technical program.

To receive your awarded funds, please send a copy of your grades for the prior semester to the RISPLS office address above. The applicant must submit a new application for each new academic year to be considered for the award of the scholarship. The scholarship award marks a continuing commitment by RISPLS toward the advancement of surveying education.

About Mentoring Mondays

Mentoring Mondays is a weekly Zoom meeting featuring live Q&A's on various surveying topics. Every Monday, the forum is hosted by a rotating series of guest speakers who are among the best in the surveying business.

You can register for the free weekly meeting by visiting the Mentoring Mondays website at <https://mentoringmondays.xyz/>. If you are interested in attending but cannot make the meeting, all meetings are video-recorded and uploaded to the website upon completion so that you can watch past meetings at your convenience. Live participation is encouraged because the program was created to be a live and interactive Mentoring Program.

While college students and young surveyors will benefit enormously from this program, do not assume that the word "mentoring" means this program is just for 20-year-olds. Instead, think of Mentoring Mondays as a free professional conference that goes on all year long. Anyone in the surveying profession will benefit from these weekly meetings and the chance to network, stay informed, and bounce ideas and questions off of fellow land surveyors.

In addition to the weekly video feeds that are uploaded to the website, the site contains a wide array of podcast and book suggestions that any surveyor will find interesting and valuable.

If you are interested in being a featured guest speaker on Mentoring Mondays, or you need help with a specific topic, please contact trent@mentoringmondays.xyz

MEMBERSHIP CATEGORIES

MEMBER:

Any Resident Rhode Island Registered Professional Land Surveyor or any Rhode Island Registered Professional Land Surveyor with an in State Business active in the practice of land surveying works is eligible to be a Member upon recommendation by the Membership Committee. Members shall have the right to vote, hold office and make or second motions.

RISPLS MEMBERSHIP-----\$200.00

NSPS MEMBERSHIP INCLUDED-----

AFFILIATE MEMBER:

A non-resident individual licensed to practice land surveying in the State of RI and/or at least in one other state, whose principal place of business is outside Rhode Island and who is a current voting member of another state's land surveying society.

Affiliate Membership ----- \$150.00

Non-Resident Option to Join NSPS ---- \$ 50.00

NSPS Membership Non-Resident Credit ---- \$ 00.00

(Write in State Association where NSPS Dues paid)_____

ASSOCIATE MEMBER:

Any individual engaged in land surveying and/or interested in the advancement of surveying and mapping not qualified under Section 1 may be eligible to be an Associate Member upon recommendation by the Membership Committee. This may include employees of another member. Associate Members shall have the right to vote, hold office and make or second motions.

Associate Membership----- \$ 60.00

Option to Join NSPS for an additional----- \$ 50.00

STUDENT MEMBER:

Any person enrolled in a course of study by an institution of higher learning, who has an interest in the profession of land surveying, is eligible for Student Membership. Persons admitted to this class of membership shall have neither the right to vote, hold office, nor make or second motions, but shall enjoy all other rights and privileges possessed by all other classes of membership.

Full Time Student Membership ----- \$ 15.00

Option to join NSPS for and additional ----- \$ 20.00

RETIRED MEMBER:

Any RI Registered Professional Land Surveyor no longer active in the practice of land surveying and who has attained the age of 65 is eligible to be a Retired Member. A Retired Member shall have neither the right to vote, hold office nor make or second motions, but shall have all other rights and privileges possessed by other classes of membership.

Retired Membership ----- \$ 20.00

Option to join NSPS for an additional ----- \$ 50.00

CORPORATE MEMBER:

Any professional firm actively engaged in the practice of land surveying and engineering in the State of RI is eligible for Corporate Membership upon recommendation by the Membership Committee. Corporate Members shall have neither the right to vote, hold office nor make or second motions, but shall enjoy all other rights and privileges processed by all other classes of membership. **NOTE: Corporate Membership shall provide a reduction of \$20 in fees for it's employees' dues, workshops and seminars. (cost of lunches will be excluded from this reduction)**

Corp Membership --- \$325.00

SUSTAINING MEMBER:

Sustaining Members shall be limited to persons, firms or corporations engaged in the manufacture and/or distribution of items that promote the art and science or business of land surveying. The Membership Committee shall recommend persons, firms and corporations wishing to be admitted to this class of membership. Sustaining Members shall have neither the right to vote, hold office nor make or second motions, but shall enjoy all other rights and privileges processed by all other classes of membership. **NOTE: Sustaining Membership shall provide a reduction of 20% on advertising costs in the Quarterly Newsletter, Annual Convention Program and Exhibition Space.**
